"In the beginning God created the heaven and the earth." Genesis 1:1

Today, first day back to school for my sons. Although they were so excited to go, the bus was late for one of them. And come to find out my son wasn't where he was supposed to be. There must have been a mix-up in the communication. I'm not sure I was even notified where my son was supposed to wait. I assumed because his brother was picked up in front of the house, so would he. So the directions were a little sketchy.

Then there are rules in order for my son to have the privileged to ride the bus. When they stand waiting for their bus they are to stand by the road and not on the road, wait for the bus to come to a complete stop, and then proceed to find a seat on the bus, sit down and behave; theoretically.

There are instructions and directions applied in every facet of our lives. From entertainment to working, from hobbies to emergencies, from living to dying. Yes, when you die, you must follow the rules. There are rules and guidelines to help us along our way. It would be chaos if there weren't any instructions and directions. Our houses and lives would be turned upside-down if it weren't for common courtesy guidelines. Thank the Lord, we have respect one for another.

In any civilization there must be order and everything that is done right has a process and an order to it. Thus the directions, instructions, rules.

Today, in our lives, think about that order. For what purpose were we born? Did the big bang occur and we just happened to be born? Do you think you were here by happenstance? Do you actually think, all of a sudden you came to be?

Let's think about that. The only way there would be no reason for you to be born, would be if there were in fact a big bang and micro-organisms just began to build and monkeys were formed first then humans evolved from them. Then you would have no purpose. You just happened to be.

Now, for that to be true, we should be able to test it. Blow something up, did you create something? No? Okay, so you blow more things up; You can really use your logic on this one. Never has anyone blew something up only to create something, well, maybe in cartoons.

Let's go to the next step. Now, have we ever seen any monkey who was part human? Evolving into human? Surely the process wouldn't stop. If it had, in fact, been true, the process would continue. There would be no way for the process to stop as humans are born everyday, monkeys are born everyday. We don't see any evidence of evolution, because it didn't happen.

Now that we know that didn't happen, then we must understand we were made with a purpose in mind.

There is a **reason why you were born**, let us go on to investigate why.

There is one book, well, a series of books inside of one cover, which this book has survived persecution, disputes, ages, and critics. All history books are written with a bias view. But this history book is written by several writers, through the time of thousands of years, from different backgrounds, inspired by one Author. All 66 books of this one book agrees with each other.

This book is, in fact, the truth, and you can base your whole lifetime on this book. You can look up things in this book that scientist are still learning today. This book is alive and is just as current today as it was three thousand years ago.

The directions in your life can be found in this book. It tells of how to live a great life; The Holy Bible!

Many people today live their lives into the ground because they have no idea where to find the directions for their life. Look it up. God is good and His Word is everlasting. We can trust the Word of God. We can shout it from the tree tops that the Word of God is TRUE and we can rejoice!

The Holy Bible is for everyone. KJV Holy Bible is the closest version to the original transcripts that English speaking people can find. Get a KJV Holy Bible and read it.

You say you tried and didn't understand it. Read Acts 2:38. Repent, recognize your need for a Lord and Savior in your life. Then get baptized in the name of Jesus Christ for the remission (forgiveness) of your sins. And receive the Holy Ghost. That will help you to read and understand the KJV like never before.

When you read the KJV Holy Bible it comes alive in your soul, your spirit, and your mind. That one true KJV Bible. Your Soul will be blessed by it.

The direction that is challenging you right now is proven to be the correct way. Choose One: One way, One God, One Baptism, One . . .

"4There is one body, and one Spirit, even as ye are called in one hope of your calling; 5One Lord, one faith, one baptism, 6One God and Father of all, who is above all, and through all, and in you all." Ephesians 4:4-6

There is no dispute, no trinity, no big bang, no evolution, no other way.

Choose that ONE WAY.

The preacher says it best when he tested every part of life, seeking out why we are born. Let us read:

"I the Preacher was king over Israel in Jerusalem. And I gave my heart to seek and search out by wisdom concerning all things that are done under heaven: . . ." Ecclesiastes 1:12-13

"Let us hear the conclusion of the whole matter: Fear God, and keep his commandments: for this is the whole duty of man. For God shall bring every work into judgment, with every secret thing, whether it be good, or whether it be evil." Ecclesiastes 12:13-14

You have a purpose! Worship Jesus! :)

In the beginning God created . . .
